

NOAH Certificate in Animal Health (NCAH) Course and Exam

Due to the nature of the course, we are unable to accept students who require a student route visa. However, we may be able to consider students who are in the UK on other visa permissions, which allow the individual to study in a way which does not interfere with their primary reason for being in the UK. It is important to note that those who are not permanently settled in the UK may be subject to the overseas fees rate. This will be checked with students upon application.

Please return this completed document to: animalswd@harper-adams.ac.uk
